# Forestry Abstracts

A monthly journal compiled from the CAB ABSTRACTS database.
Produced by the DIVISION OF NATURAL RESOURCES, FORESTRY AND ECONOMICS

**Editor**
C.A.D. Elbourn MSc

**Editorial Advisory Board**

J. Burley (Oxford, UK)
A.R. de Freitas (Sao Paulo, Brazil)
L. Riley (Vienna, Austria)
H.F. Kaiser (Washington, USA)
H.B. Kriebel (Wooster, USA)
B.O. Lundgren (Stockholm, Sweden)
P.O. Nilsson (Garpenberg, Sweden)
A. Roeder (Trippstadt, Germany)
J.L. Whitmore (Washington, USA)

**Head of Division**
**(and Head of Department of Economics)**
Margot A. Bellamy BSc (Econ), DipAgricEcon, MIInfSc

**Head of Department of Forestry**
K.M. Becker BS, PhD

**Head of Department of Soils**
J. L. Nowland BA, MSc

**Scientific Information Officers**

*Forestry Abstracts (FA)* is a monthly journal prepared by the Department and published by C:A:B International.
The journal is available at a special rate to subscribers in countries which make a financial contribution to C:A:B International.

Other journals prepared by the Department:

*Forest Products Abstracts (FPA)*
This bi-monthly journal deals with extraction, utilization and marketing of wood and other forest products.

*Agroforestry Abstracts (AFA)*
This quarterly journal covers: agroforestry systems and related types of land use; crops and animals for agroforestry; agroforestry products; environmental and socioeconomic aspects; and R&D

Orders and enquiries concerning subscriptions and back numbers should be sent to the Distribution Manager, Marketing & Distribution Services at the above address.

# READERS' GUIDE

**1. Terminology.** Terms included in the *Concise Oxford Dictionary, Chamber's Dictionary of Science and Technology* and the *Terminology of Forest Science, Technology, Practice and Products* are used without explanation. Other terms from particular sciences may also be used without explanation if it is thought that they are familiar to those readers likely to be concerned.

## 2. Bibliographic Citations:

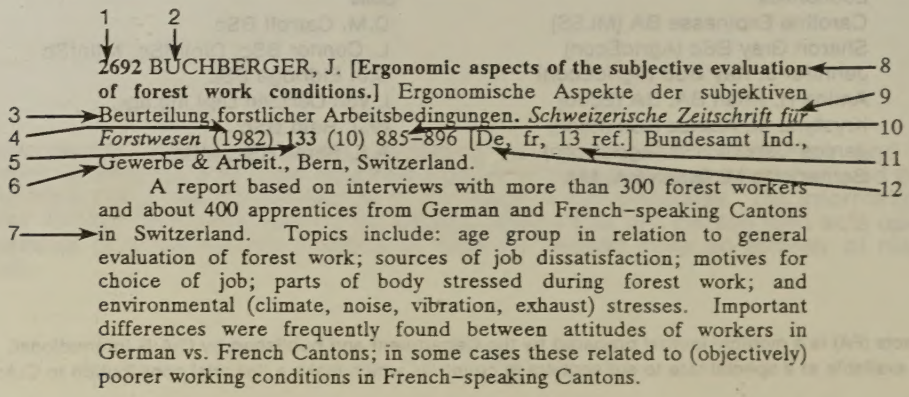
**(a) Titles.** Titles are given in the original language if a Latin alphabet is used. Russian (but generally not other Cyrillic alphabets) and Greek are given in standard transliterations for whole publications. English translations – often shortened – are given in square brackets.

**(b) Language symbols.** Capital initial letters indicate the language of the text, small letters the language(s) of the summary. The following abbreviations are used:

| | |
|---|---|
| Af | Afrikaans |
| Ar | Arabic |
| Az | Azerbaijan(i)/Azerbaidzhani/Azerbaidzhanian |
| Be | Byelorussian (White Russian) |
| Bg | Bulgarian |
| Ch | Chinese |
| Cs | Czech |
| Da | Danish |
| De | German |
| Ee | Estonian |
| Eo | Esperanto |
| En | English |
| Es | Spanish |
| Fi | Finnish |
| Fr | French |
| Gr | Greek |
| He | Hebrew |
| Hi | Hindi |
| Hu | Hungarian |
| Ia | Interlingua |
| In | Indonesian |
| Is | Icelandic |
| It | Italian |
| Ja | Japanese |
| Ko | Korean |
| La | Latin |
| Li | Lithuanian |
| Lv | Latvian |
| Ma | Macedonian |
| My | Malay/Bahasamalaysia |
| Nl | Dutch/Flemish |
| No | Norwegian |
| Pe | Persian |
| Pl | Polish |
| Pt | Portuguese |
| Ro | Romanian |
| Ru | Russian |
| Sh | Serbo-Croatian |
| Sk | Slovakian |
| Sn | Slovenian |
| Sv | Swedish |
| Ta | Tajik/Tadzhik |
| Th | Thai |
| Tr | Turkish |
| Uk | Ukrainian |

**(c) Back References.** These refer to notices in previous issues and appear in square brackets with an indication of volume and abstract number, e.g. [See *FA 41*, 3456.] [See *FPA 3*, 1234.] [See *AFA 3*, 349.]

**(d) What an abstract contains.**



2692 BUCHBERGER, J. **[Ergonomic aspects of the subjective evaluation of forest work conditions.]** Ergonomische Aspekte der subjektiven Beurteilung forstlicher Arbeitsbedingungen. *Schweizerische Zeitschrift für Forstwesen* (1982) 133 (10) 885–896 [De, fr, 13 ref.] Bundesamt Ind., Gewerbe & Arbeit., Bern, Switzerland.

A report based on interviews with more than 300 forest workers and about 400 apprentices from German and French-speaking Cantons in Switzerland. Topics include: age group in relation to general evaluation of forest work; sources of job dissatisfaction; motives for choice of job; parts of body stressed during forest work; and environmental (climate, noise, vibration, exhaust) stresses. Important differences were frequently found between attitudes of workers in German vs. French Cantons; in some cases these related to (objectively) poorer working conditions in French-speaking Cantons.

(1) Abstract number
(2) Author
(3) Foreign title
(4) Year of publication
(5) Volume, part numbers
(6) Author's affiliation
(7) Abstract
(8) English title
(9) Journal title
(10) Page numbers
(11) Supplementary data
(12) Language of text, summary

**3. Abbreviations, units and symbols used in abstracts.** Standard SI symbols are used for metric units; these are not included here unless they are similar to other abbreviations, units or symbols used. Chemical symbols may also be used. Occasionally, other symbols not listed here are used when it is thought that they will present no difficulty to the readers concerned; this includes many geographical abbreviations such as ACT, UK, PA, etc.

| PVC | poly(vinyl chloride) |
| *r* | coefficient of correlation |
| R | röntgen |
| *R* | coefficient of multiple correlation |
| rad | radiation absorbed dose (not radian, which is given in full) |
| rbc | red blood cells |
| resp. | respectively |
| rev. | revolution(s) |
| RF | resorcinol formaldehyde |
| RGR | relative growth rate |
| RH | relative humidity |
| RNA | ribonucleic acid |
| r.p.m. | revolutions per minute |
| S. | south |
| SAR | sodium absorption ratio |
| SCA | specific combining ability |
| s.d. | standard deviation |
| SDS | sodium dodecyl sulphate |
| SE | south-east |
| s.e. | standard error |
| SEM | scanning electron microsope |
| Sep. | September |
| s.l., | in a broad sense |
| SNF | solids-not-fat |
| sol. | solution(s) |
| sp., spp. | species (s. and pl.) |
| sp. nov. | *species nova* (new species) |
| s.s. | in a narrow sense |
| SSP | soluble sodium percentage |
| str. | strain |
| subf., subff. | *subforma* (subform) (s. and pl.) |
| subsp., subspp. | subspecies (s. and pl.) |
| subvar., subvars. | *subvarietas* (subvariety)(s. and pl.) |
| SW | south-west |
| syn. | synonym |
| t | tonne (not ton) |
| TCA | trichloroacetic acid |
| TDN | total digestible nutrients |
| TEM | transmission electron microscope |
| temp. | temperature(s) |
| t. & g. | tongued and grooved |
| TG | thermogravimetry |
| TLC | thin-layer chromatography |
| TMV | tobacco mosaic virus |
| TSS | total soluble solids |
| u.b. | under bark |
| UF | urea formaldehyde |
| UHF | ultra high frequency |
| UHT | ultra high temperature |
| ULV | ultra low volume |
| UNDP | United Nations Development Programme |
| USDA | United States Department of Agriculture |
| UV | ultraviolet |
| var., vars. | *varietas* (variety) (s. and pl.) |
| VFA | volatile fatty acid |
| VHF | very high frequency |
| viz. | namely |
| vol. | volume |
| vs. | versus |
| v/v | volume/volume |
| v/w | volume/weight |
| W. | west |
| wk | week |
| w.p. | wettable powder |
| wt. | weight |
| w/v | weight/volume |
| w/w | weight/weight |
| yr | year |
| 3P | probability proportional to prediction |
| $\sigma$ | standard deviation of a population |
| $^\circ$ | degree (angle) |
| $'$ | minute (angle) |
| $''$ | second (angle) |
| $\parallel$ | parallel |
| $\perp$ | perpendicular |

**4. Vernacular names.** The vernacular names listed below may be used in abstracts instead of the Latin ones. Indexing is by Latin names.

| | |
|---|---|
| acacia | *Acacia* (see also black wattle) |
| alder | *Alnus* |
| ash | *Fraxinus* (generally *F. excelsior* unless otherwise indicated) |
| Austrian pine | *Pinus nigra* (also Corsican pine) |
| balsa | *Ochroma pyramidale* |
| balsam fir | *Abies balsamea* |
| bamboo | Bambuseae |
| basswood | (see linden) |
| beech | *Fagus* (generally *F. sylvatica* unless otherwise indicated) |
| birch | *Betula* (*B. alba* is used for undifferentiated *B. pendula* and *B. pubescens*) |
| black spruce | *Picea mariana* |
| black walnut | *Juglans nigra* |
| black wattle | *Acacia mearnsii* |
| broadleaf | Angiospermae (tree; see also hardwood) |
| cashew | *Anacardium occidentale* |
| chir | *Pinus roxburghii* |
| coconut | *Cocos nucifera* |
| conifer | Coniferae (see also softwood) |
| Corsican pine | *Pinus nigra* (also Austrian pine) |
| deodar | *Cedrus deodara* |
| dipterocarp | Dipterocarpaceae |
| Douglas fir | *Pseudotsuga menziesii* |
| eastern hemlock | *Tsuga canadensis* |
| eastern white pine | *Pinus strobus* (also Weymouth pine) |
| elm | *Ulmus* |
| Engelmann spruce | *Picea engelmannii* |
| eucalypt | *Eucalyptus* |
| fig | *Ficus* |
| fir | *Abies* (see also Douglas fir) |
| hardwood | Angiospermae (timber; see also broadleaf) |
| hazel | *Corylus avellana* |
| hem–fir | *Tsuga* + *Abies* (lumber) |
| hemlock | (see eastern, western hemlock) |
| hickory | *Carya* |
| hinoki | *Chamaecyparis obtusa* |
| holly | *Ilex* |
| hoop pine | *Araucaria cunninghamii* |
| hornbeam | *Carpinus betulus* |
| jack pine | *Pinus banksiana* |
| juniper | *Juniperus* |
| kauri | *Agathis* (*A. australis* in New Zealand) |
| larch | *Larix* (see also tamarack) |
| linden | *Tilia* (also referred to elsewhere as 'lime' and 'basswood') |
| loblolly pine | *Pinus taeda* (see also southern pine) |
| lodgepole pine | *Pinus contorta* |
| longleaf pine | *Pinus palustris* (see also southern pine) |
| mango | *Mangifera indica* |
| maple | *Acer* |
| maritime pine | *Pinus pinaster* |
| mulberry | *Morus* |
| neem | *Azadirachta indica* |
| Norway spruce | *Picea abies* |
| oak | *Quercus* (*Q. robur* is used for undifferentiated *Q. robur* and *Q. petraea*) |
| palm | Palmae |
| Parana pine | *Araucaria angustifolia* |
| pine | *Pinus* (see also hoop pine, Parana pine) |
| ponderosa pine | *Pinus ponderosa* |
| poplar | *Populus* (see also yellow poplar) |
| radiata pine | *Pinus radiata* (also referred to elsewhere as 'Monterey pine') |
| rattan | *Calamus* and/or *Daemonorops* (mainly) |
| red oak | *Quercus rubra* (northern red oak of the USA) |
| robinia | *Robinia pseudoacacia* (also referred to elsewhere as 'false acacia','locust' etc.) |
| rubber | *Hevea brasiliensis* (unless otherwise indicated) |
| sal | *Shorea robusta* |
| sandalwood | *Santalum album* |
| Scots pine | *Pinus sylvestris* |
| shortleaf pine | *Pinus echinata* (see also southern pine) |
| silver fir | *Abies alba* |
| Sitka spruce | *Picea sitchensis* |
| slash pine | *Pinus elliottii* (see also southern pine) |
| softwood | Gymnospermae (timber; see also conifer) |
| southern pine | *Pinus echinata, P. elliottii, P. palustris* and *P. taeda* (indexed as *P.* 'Southern') |
| spruce | *Picea* |
| sugar maple | *Acer saccharum* |
| sugi | *Cryptomeria japonica* |
| sweetgum | *Liquidambar styraciflua* |
| tamarack | *Larix laricina* |
| teak | *Tectona grandis* |
| walnut | *Juglans regia* (see also black walnut) |
| Weymouth pine | *Pinus strobus* (also eastern white pine) |
| white oak | *Quercus alba* |
| white spruce | *Picea glauca* |
| western hemlock | *Tsuga heterophylla* |
| willow | *Salix* |
| yellow poplar | *Liriodendron tulipifera* (also referred to as 'tulip tree') |
| yew | *Taxus baccata* (other species by Latin names) |

# LITERATURE FOR ABSTRACTING

CAB International (CABI) seeks to acquire the widest possible range of scientific literature relating to forestry and forest products. It therefore welcomes the recommendation of the IUFRO Executive Board that "authors should generally send a copy of their scientific publications to *Forestry* [and *Forest Products*] *Abstracts* for reference" as supporting CABI's efforts to record, publicise and make available forestry literature throughout the world, for the benefit of the forestry profession.

To this end, CABI has made co-operative acquisition arrangements with the Oxford Forestry Institute (OFI). All material should be addressed to:

Library and Information Service
Oxford Forestry Institute
Department of Plant Sciences
University of Oxford
South Parks Road
OXFORD OX1 3RB
United Kingdom

After abstracting, most material is deposited permanently in the OFI Library, where it is made freely available for consultation. The Library also acts as an agent for CABI's Document Delivery Service, and can supply photocopy or microform copies from most items in its stock, subject to copyright regulations.

- gas exchange 6484
- water stress 6484

***Abies mayriana***, essential oils 2555

***Abies nephrolepis***
- cones 4239
- essential oils 2555
- insect pests 4239
- plant succession 9309
- seeds 4239

***Abies nordmanniana***
- browse 3537
- chlorosis 5653
- Christmas trees 4632
- foliage 5653
- gas exchange 6484
- insect pests
  - *Choristoneura* 9387
  - *Megastigmus* 9403
  - *Pityokteines* 2779
- plant nutrition 5653
- soil chemistry 5653
- tissue culture 3754
- water stress 6484
- weed control 4632

***Abies numidica***
- frost resistance 947
- species trials 947

***Abies pindrow***
- flavonoids 6629
- forest influences 8262
- nurseries 126, 3778
- phenolic compounds 6629

***Abies pindrow*** *cont.*
- seed germination 3778
- silvicultural systems 8262
- soil chemistry 8262
- taxonomy 6629

***Abies pinsapo***
- frost resistance 947
- insect pests, *Megastigmus* 9403
- ornamental woody plants 273
- soil types 273
- species trials 947

***Abies procera***
- altitude 4677
- buds 6528
- Christmas trees 3822, 4632
- cut foliage 3055
- fertilizers 143
- forest economics 3055
- fungal diseases, *Leptographium* 5101
- herbicides 3822
- increment 3055, 4677
- nurseries 6528
- site class assessment 4677
- species trials 1656

# LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1992 for this journal. All the titles are given in full, except abbreviated titles taken from secondary publications such as *Referativnyi Zhurnal.*
Many other serials were scanned during 1992 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1988 edition.* The publication includes ISSNs and publishers' addresses.

# INFORMATION SERVICES AND PUBLICATIONS

Almost 100 scientists/linguists in CABI's Information Services at Wallingford, UK, with help from associated organizations and individuals worldwide, abstract and index the significant research and development literature in agriculture, forestry and allied disciplines. Over 12,000 serials and many other publications are scanned, and about 150,000 bibliographic records are compiled each year. From this computerized database, known as CAB ABSTRACTS, is derived a wide range of information services and products in printed and electronic form, designed to meet a variety of customer needs.

## JOURNALS

**Animal Science and Production**

*Animal Breeding Abstracts; Dairy Science Abstracts; Nutrition Abstracts and Reviews, Series B–Livestock Feeds and Feeding; Pig News and Information; Poultry Abstracts; Meat Focus International.*

**Veterinary Science and Parasitic Diseases**

*Helminthological Abstracts; Index Veterinarius; Protozoological Abstracts; Review of Medical and Veterinary Entomology; Review of Medical and Veterinary Mycology; Veterinary Bulletin.*

**Crop Science and Production**

*Crop Physiology Abstracts; Field Crop Abstracts; Herbage Abstracts; Horticultural Abstracts; Irrigation and Drainage Abstracts; Maize Abstracts; Ornamental Horticulture; Plant Breeding Abstracts; Plant Genetic Resources Abstracts; Plant Growth Regulator Abstracts; Postharvest News and Information; Potato Abstracts; Rice Abstracts; Seed Abstracts; Soils and Fertilizers; Sorghum and Millets Abstracts; Soyabean Abstracts; Sugar Industry Abstracts; Wheat, Barley and Triticale Abstracts.*

**Forestry**

*Agroforestry Abstracts; Forest Products Abstracts; Forestry Abstracts.*

**Crop Protection**

*Biocontrol News and Information; Nematological Abstracts; Review of Agricultural Entomology; Review of Plant Pathology; Weed Abstracts.*

**Economics, Development and Sociology**

*Leisure, Recreation and Tourism Abstracts; Rural Development Abstracts; World Agricultural Economics and Rural Sociology Abstracts.*

**Machinery and Buildings**

*Agricultural Engineering Abstracts.*

**Human Nutrition**

*Nutrition Abstracts and Reviews, Series A–Human and Experimental.*

**Biotechnology/Biodeterioration**

*AgBiotech News and Information; Biodeterioration Abstracts; IMPACT AgBioIndustry.*

## ELECTRONIC JOURNALS

For subscribers who prefer to receive their regular CABI Abstract Journals in computerized format, Electronic Journals are available in comma–delimited, ISO2709 or Pro–Cite compatible format. The diskettes (either 3½" or 5¼") are supplied without retrieval software but in standard format so they can be easily used with most commercial database management software. Sample diskettes are available on request.

## CD–ROMs

The database is also available on CD–ROM (Compact Disc Read Only Memory). CD–ROM technology provides an online search capability without the worries of cost or telecommunication problems. An IBM or fully IBM–compatible PC, 640K RAM, MS–DOS or PC–DOS version 3.1 or higher, and a CD–ROM player are needed. User–friendly software allows maximum search flexibility. A Macintosh version is available. CD–ROM titles available are: CABCD (CAB ABSTRACTS on CD–ROM), VETCD (veterinary science and animal health), BEASTCD (animal production and dairy technology), TREECD (forestry and forest industry), CABPESTCD (crop protection), HORTCD (horti–culture), SOILCD (soil and water sciences), Human Nutrition on CD – ROM (human nutrition) and PolTox III:CAB (pollution and toxicology).

## MAGNETIC TAPES

Organizations with access to mini or mainframe computers may lease all or part of CAB ABSTRACTS on magnetic tape. Update tapes are issued monthly, and retrospective tapes as required.

## SDI SERVICE

SDI (Selective Dissemination of Information) is a current awareness service based on the most recent input to the database. Subscribers decide their own search profile and receive search results at intervals of their choice, either in print or on floppy disks suitable for most microcomputers. Airmail ensures fast delivery.

## CAB ALERTS

This is a monthly SDI service providing subscribers with the search results from standard profiles chosen by CABI. Numerous titles are available. Output is available in print or on floppy disk by airmail.

## DOCUMENT DELIVERY SERVICE

Photocopies of originals of most articles included in the database are available from CABI Library Services, Silwood Park, Ascot, UK. Documents may also be ordered online via DIALORDER, DIMDI or PRIMORDIAL.

## BOOKS AND SERIAL PUBLICATIONS

CABI publishes authoritative reference books, directories and serial publications, the latter including *Bulletin of Entomological Research, Outlook on Agriculture, Seed Science Research, Index of Current Research on Pigs, Distribution Maps of Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Pathogenic Fungi & Bacteria, Index of Fungi,* and *Systema Ascomycetum*. CABI is a co–sponsor of the International Food Information Service which publishes *Food Science & Technology Abstracts.*

**The Organization**
CAB International (CABI) is an international, inter-governmental organization. It is owned by its member governments; these currently number 34, but membership is open to any others wishing to participate. Established in 1928, the organization provides information, scientific and development services for agriculture and allied disciplines throughout the world.

**Information Services**
The main task of the Information Services, located at the CAB International Centre (CABIC) at Wallingford, is the creation of a bibliographic database (CAB ABSTRACTS) of research on agriculture, forestry, the environment, applied social sciences and aspects of human medicine.

Relevant scientific and technical literature is acquired worldwide for abstracting and indexing by almost 100 scientists/linguists in five divisions:

- Animal Health & Medical Parasitology
- Animal Production & Human Nutrition
- Crop Protection & Genetics
- Crop Production
- Natural Resources, Forestry & Economics

Further material is acquired and processed by collaborating or contracted organizations.

Abstract journals and electronic products derived from the database, and online access to it, provide unique sources of information for research scientists, development planners, educators and students.

The Information Services also publish primary journals and books, and offer training for information professionals, especially from developing countries.

**Scientific Services**
CABI's Scientific Services consist of four institutes and Library Services:

*International Institute of Entomology*
Acting Director, Prof. T. Jones, located at 56 Queen's Gate, London, and in the Natural History Museum.

*International Mycological Institute*
Director, Professor D.L. Hawksworth, located at Bakeham Lane, Egham, Surrey, TW20 9TY.

*International Institute of Parasitology*
Director, Dr R. Muller, located at Winches Farm, St Albans, Herts, AL4 0XU.

*International Institute of Biological Control*,
Director, Dr J.K. Waage, has its headquarters at Silwood Park, Ascot and stations in Trinidad and Tobago, Switzerland, Pakistan, Kenya and Malaysia.

These Institutes provide an authoritative identification service for agricultural pests and other organisms, a biocontrol service, and conduct research, implement projects, and provide training in their fields of expertise.

*Library Services*
Manager, Mr C.J. Hamilton, have headquarters at Silwood Park, and operate document delivery and translation services.

**Marketing and Development Services**
MDS is responsible for the marketing of all CABI products and services, and for its development and training services. An important aspect is the establishment of effective partnerships with relevant development assistance agencies aimed at increasing the delivery of CABI services to developing countries.

**Information Technology Services**
ITS provide computing resources and services to all parts of CABI. A central computing facility is maintained with telecommunications access to seven remote sites, including the four CABI Institutes. CABIC is served by a modern Local Area Network which provides access to the computers, and by advanced office automation facilities. The staff include database production personnel, systems analysts, programmers and computer operators. The principal systems are for the production of the CAB ABSTRACTS database and associated functions, plus accessions control, subscription management and electronic publishing.
